

## FEVER HELD IN CHECK ONE DAY

Situation in New Orleans Improving—No Gloomy Reports From Outside.

### CONTROVERSY OF GOVERNORS

Blanchard and Jelks at Odds Over Alabama Quarantine Regulations.

#### New Orleans Record.

New cases.....	63
New sub-foet.....	10
Deaths yesterday.....	5
Total cases.....	1,556
Total sub-foet.....	333
Cases under treatment.....	312

(By Associated Press.)

NEW ORLEANS, August 23.—The report continues to show an improvement in local conditions. There are no well known names on the list of new cases or among the deaths. Only one of the latter occurred up town.

There was no news of a gloomy character from the country to-day. The State Board of Health has taken steps to relieve the distress at Lakeville and the mouth of Bayou La Fourche.

#### Reports From Outside.

Past Assistant Surgeon Corbett made an extensive report of the work done in St. John and St. Charles parishes, and this indicated that what threatened to be a very serious group of fever has been controlled, with good hopes of stamping out the infection. This report covers La Plac, Diamond, Reserve, Sargy and other neighboring places.

Dr. Brady returned from his tour of inspection on Bayou Plaquemine in Iberville parish, where a large group of suspicious cases were reported, but he says there were no suspicious cases there. Hanson City reports nine new cases. Williams plantation in Jefferson parish reports two more cases. One additional case was reported from Baton Rouge and another at a point near that town in Saint Charles parish. Patterson reports eleven new cases and no deaths. Lake Providence has developed five more cases of yellow fever, pronounced so, by Dr. Krauss, of the Marine Hospital service. St. Bernard parish reports two more cases in the Italian village, and Dr. Meroux, who went to Terre Aux Boeufs, says there are five cases of yellow fever there, and three suspicious cases. Mississippi City reports three new cases.

Dr. Von Emdorf, of the Marine Hospital service, ordered here from Colon by General Wyman, arrived at quarantine to-day on the steamer Origin and will reach the city to-morrow.

#### Governors Clash.

Governor Blanchard and Governor Jelks threaten to become estranged in a controversy over the quarantine regulations of Alabama. The trouble grows out of a complaint made by citizens of Louisiana, that Governor Jelks had not permitted to pass through Alabama unless they had spent seven days in detention.

Whether any prominent cotton man who had business in Atlanta, went there and transacted his business in a day, and returned to New Orleans, but was intercepted in Alabama and sent back to Atlanta on the ground that he had not spent seven days in detention.

Whether any State in the Union has a right to interfere with inter-State passenger traffic and express, and hope to keep the matter well taken into the Federal courts for a test.

#### Hold Conference.

Surgeon White, Chairman of the Citizens' Committee, Dr. Beverly Warner, in charge of the fever service, and President Southerland, of the State Board of Health, went to Baton Rouge to-day for a conference with Governor Blanchard. The trip was made at the suggestion of the Governor, who had to know the first hand the exact status of all departments of the work.

Since the beginning of the yellow fever the Governor has been unable to put foot in New Orleans. Quarantine has been kept in Baton Rouge and he has been compelled to confine himself to telegraphic and telephonic communication.

A feature of the situation that is attracting attention is the fact that the number of cases under treatment has decreased. It is an encouraging feature, because it is an indication of a slow extension of the fever, which is particularly true of the quarter above Canal Street.

#### Disease Centres.

It is hoped soon to reduce the number of disease centres, as the first announcement of the fever, a month ago. Ordinarily, it would be assumed that a center would become extinct in twenty days, the length of time within which the gonococcal mosquito should furnish fresh infection. In order to take no chances, health officers will not cancel any disease centers until thirty days have elapsed.

Inspectors to-day discovered three cases in an Italian settlement beyond the city. Large quantities of rock salt have been purchased by the Federal authorities to use in a new method of killing mosquitoes. The salt is intended to destroy the pools as breeding places for mosquitoes.

A freshly infected spot in St. Bernard parish was announced to-day. It is at Terre Aux Boeufs, the scene of the first case of the fever. The fever appeared at New Orleans.

#### Reunion Postponed.

CHATTANOOGA, TENN., August 23.—On account of the yellow fever scare, the reunion in this city at the time of the reunion of the society of the Army of the Cumberland. A letter to this effect has been received from Commander Kilborn.

#### PECKHAM NOW IN SARATOGA JAIL

(Continued from First Page.)

Mathematician, to other New York brokers.

Correspondence between Holmes and brokers found by the secret service agents contained the initial "P," which is said to have been the way in which Holmes referred to Peckham.

According to the report of Secretary Wilson on the investigation he made, Holmes admitted that he and Peckham had close relations, and were at one time, associated in a business venture in which Holmes "was to have an interest equal to the sum of \$5,000, which he was to receive as a gift from the other members of the firm."

Secretary Wilson said that Holmes admitted that when he had occasion to visit New York, he frequently found that his hotel bills were paid by Peckham or Van Riper. Secretary Wilson's report charged Holmes with communicating and passing information to Van Riper and Moses Hays, of New York.

The names of any others indicted in connection with Peckham on the conspiracy charge, have been withheld.

#### Warrants Issued.

NEW YORK, August 23.—United States District Attorney Beach, who has been investigating the alleged leak in the cotton reports, came here to-day from Washington and conferred with United States Commissioner Samuel Hitchcock and Assistant United States District Attorney Wise. It became known that two warrants were issued by Commissioner Hitchcock in connection with the cotton cases. Mr. Beach returned to Washington later in the afternoon, and to-night no arrests had been made in this city.

#### FOUL PLAY SUSPECTED.

Three Wrecks in Same Place Within Last Six Months.

CHARLESTON, S. C., Aug. 23.—A local freight train on the Greenville & Spartanburg railroad, wrecked to-day near Barksdale, four miles from Laurens. It is thought that the accident occurred on account of an iron bolt on the track. The colored fireman was killed and Engineer J. L. Bearden was badly injured. The engine and seven cars were demolished.

There have been three wrecks near this point within the past six months and four foul play is suspected.

#### Republican Wanted to Vote.

(Special to The Times-Dispatch.)

LAUREL, ORANGE CO., VA., August 23.—There was quite a lively "bout" at this precinct yesterday when O. T. Terrell, a Republican of means, insisted on voting for Montague without any intention of forsaking La Roche for governorship. He was turned down.

#### Small Fire in a Residence.

A alarm of fire was sounded from No. 11, Venable Street at an early hour yesterday morning. The blaze started in a lot of kindling and iron pipes, and a mouse found a match and started the fire. It is the home of Mrs. A. M. Tyler. The loss will be about \$100.

#### Staunton Defeats Winchester

(Special to The Times-Dispatch.)

STAUNTON, VA., August 23.—Staunton baseball team defeated Winchester here to-day evening, 14 to 0. Stanley pitched for Staunton. This is the first straight game Staunton has beaten Winchester. Staunton leaves to-night for Roanoke to play three games.

#### Dr. Barron Dead.

(Special to The Times-Dispatch.)

LAUREL, VA., August 23.—Rev. Dr. A. C. Barron, noted evangelist and Baptist preacher of Charlotte, N. C., died Saturday from the effects of a stroke of paralysis.

#### Tobacco and Warehouses Burned

(By Associated Press.)

PADUCAH, KY., August 23.—Fire tonight destroyed the tobacco warehouses of J. W. Farmer and Z. Graham tobacco Co. warehouses and the Herndon and Tucker rehandling house and between 50 and 60 thousands of tobacco. Loss, \$100,000, mostly covered by insurance.

James Harrison, colored, dropped dead at the fire, overcome by heat.

#### Swallow Cup of Lye.

John Block, a five-year-old negro, who lives at 811 History Street, swallowed a lot of lye yesterday morning, and but for the heroic work of Dr. Pitt, of the City Hospital, would have died. The youngster was called at 11:30 o'clock and Dr. Pitt saved the little negro's life.

#### Dr. Derieux Not Called.

Dr. W. T. Derieux has not been called to the pastorate of the Smithfield Church, as was incorrectly stated some time ago. Dr. Derieux expects to be called to this church.

## TUCKER'S ADDRESS TO AMERICAN BAR

Lawyers From All Sections of United States in Attendance.

(By Associated Press.)

NARRAGANSETT PIER, R. I., Aug. 23.—Prominent jurists from all sections of the United States gathered here to attend the opening sessions to-day of the twentieth annual meeting of the American Bar Association. Included in the number were Justices White and Brand, of the United States Supreme Court, and many professors of the various law schools connected with the great American universities. The conference will continue through to-morrow and Friday.

As the first feature of to-day's sessions, the president of the association, Henry B. George Tucker, of Lexington, Va., delivered his address, paying special attention to the most noteworthy changes in statute law made by Congress and in the various state legislatures during the past year. Referring to the Jamestown Exposition, he said:

"Among the statutes of most interest passed by the last Congress was the act authorizing in connection with the Jamestown Tercentennial, an international naval, marine and military celebration. The statute was passed in the closing days of the session, and approved March 1, 1905. It makes an appropriation of \$250,000 for the purpose of holding in connection with the exhibition a government celebration in the waters of Hampton Roads. It appoints the President, the Secretary of War and the Secretary of the Navy a commission to have full charge of the government exhibition at this time."

"The Jamestown Exposition, to be held in 1907, in order to celebrate the first permanent settlement of the English-speaking race upon this continent, is an event of unusual interest and unique in its opportunity. No other exhibition has had such facilities for a marine display, as no other has been held upon such a magnificent shoal, and in the waters of the world. The President has issued his proclamation inviting the world to take part in the celebration, and it is believed that the greatest naval display the world has ever witnessed will be one of the chief attractions."

"The managers of the exposition itself express an intention of leaving the water track of other expositions as far as possible, and emphasizing not so much the industrial as the historical and literary development of the English-speaking race. It was these waters which first saw the small craft of the explorers, and which later heard the guns of the 'Monitor' and the 'Merrimack' during the civil war. Within sight of the city of Jamestown, and within easy reach of Yorktown, Jamestown and Williamsburg, no more historic sight in our entire country, and which, in the opinion of the managers, would be especially interesting, for at Jamestown the first representative assembly that ever met in America, was convened. It was in 1619, a year before the foundation of Plymouth Rock."

#### Fuller Returns From THE COUNTIES

(Continued from Second Page.)

513 votes were cast in the primary yesterday.

The following candidates received the majorities set opposite their names, to-wit:

Martin, 143; Swanson, 239; Elyson, 574; Eggleston, 335; Anderson, 252; Tobias, 143; Deaton, 51; Deaton for House of Delegates, 66; Norris for County Clerk, 3.

#### Scott.

(Special to The Times-Dispatch.)

GATE CITY, Va., August 23.—Complete returns official from Scott county, gives Martin, 647; Montague, 144; Swanson, 436; Mann, 344; Willard, 127; Elyson, 714; Cabell, 42; Williams, 700; Anderson, 69; Hulvey, 52; Eggleston, 238.

There was not a disturbance of any consequence, and the Democrats are well pleased with the result.

#### Tazewell and Dickenson.

(Special to The Times-Dispatch.)

TAZEWELL, VA., August 23.—Returns from 19 out of 25 precincts in this county show the following majorities: Martin 358, Mann 15, Williams 300, Eggleston 400, Elyson 400. Montague received about 100 votes in the county. Anderson received a very small vote. The strength of Mann in the county was a surprise to the political leaders here.

Dickenson county gives Martin and Swanson about 50 majority.

#### Wise.

(Special to The Times-Dispatch.)

BIG STONE GAP, VA., Aug. 23.—Complete returns from Wise county give Martin majority 13; Willard, 130; Swanson, 335; Mann, 120; Williams' majority, 47.

#### Wythe.

(Special to The Times-Dispatch.)

WYTHE, VA., August 23.—Complete and corrected returns from all six precincts of Wythe county are: For Senate—Martin, 473; Montague, 116. For Governor—Mann, 104; Swanson, 466; Willard, 22. Attorney-General—Anderson, 47; Williams, 549. Public Instruction—Eggleston, 317; Hulvey, 340.

#### Warren.

(Special to The Times-Dispatch.)

FRONT ROYAL, VA., Aug. 23.—Complete official returns from Warren county give Montague 33 majority; Swanson, 74 plurality over Willard, vote as follows: Martin, 288; Montague, 372; Swanson, 338; Willard, 194; Mann, 123.

#### STRODE DEFEATS MASSIE

He is Nominated By Majority of Twelve—May Be Contested.

(Special to The Times-Dispatch.)

LYNCHBURG, VA., August 23.—Complete unofficial returns from Amherst and Nelson counties give Aubrey E. Strode the nomination for State senator over Bland Massie, the incumbent, by a district composed of those two counties by a majority of 13. Strode carried Amherst county by 47 majority, while Massie won in Nelson by 35.

This was one of the warmest fights of the primary probably in the State, and much bitterness has probably been engendered by it. It will be recalled that Strode was one of the leading counsel in the prosecution of the case against Judge C. J. Campbell before the House of Delegates in 1903, when the Judge was removed from the bench of the Amherst County Court, and this fact developed into quite a feud in Amherst county.

It is understood that there is a probability of an effort being made to have the vote of one or two precincts in Amherst county thrown out because it is alleged that Republicans were permitted to vote at one, while at another it is alleged that mulattoes and white Rep-

ublicans were permitted to participate in the primary. These charges are expected to develop at the meeting of the county committee on Friday.

#### ONE VOTE EACH.

One Man in Martin's and in Willard's Precincts Scratched Them.

In the primary on last Tuesday two of the candidates have a right to feel proud of the support they received at their own hands.

The one cast in the precinct against Senator Martin was by a personal enemy residing in the neighborhood, and the one cast against Captain Willard at Fairfax was the result of his declining to give employment to a workman whom he thought unsuitable.

State of the curious results of the primary are shown by the outcome at the various points, that seem from the names not to be local. For instance, Massie looked coldly on Mr. Swanson; Temperanceville prohibited Judge Mann, and Charlottesville gave a check to Captain Willard.

#### IN BANKRUPTCY.

Albemarle Club is Unable to Settle Its Debts.

In the Chancery Court yesterday a deed of assignment was made carrying the assets of the Albemarle Club to B. H. West, trustee.

The property conveyed consists of furniture and fixtures, a stock of liquors and a collection of pictures and other art works in the club-house at 38 East Grace street.

The principal debts of the club are: Unpaid rent, \$333.33; D. A. Almslie, \$97.75; R. L. Christian & Co., \$90.00; Ice Company, \$408.00; State Corporation Commission, \$15; Dr. M. D. Hoge, Jr., \$40.35; Davis & Ankles, \$134.15; Frank Miller, \$122.70; Anheuser-Busch Company, \$87.55; L. B. Savage & Son, \$57.50; Straus Cigar Company, \$30.00; city taxes, \$66.10. There are numerous smaller debts, ranging from \$1.50 to \$20. The total is about \$2,500.

The conveyance is signed by Arthur F. Robertson, vice-president, and A. B. Robertson, secretary and treasurer.

The defect club was at one time one of the most exclusive social organizations in the State. Before the formation of the Commonwealth Club the Albemarle was second in importance only to the Westmoreland in Richmond.

#### ASK WRIT OF ERROR.

Attorney for Austin Johnson Trying to Save Him.

Through his attorney, Mr. Edgar B. English, Austin Johnson, the negro now confined in the Henrico county jail awaiting his execution on the 20th of September for a heinous crime of which he was convicted by a jury, will appeal to the different judges of the Supreme Court for a writ of error and a stay of sentence.

Mr. English will lay the case before the judges, individually and collectively, and will urge for a writ of error. Johnson, in the meanwhile, stoutly declares his innocence. He has recently professed religion, and declares that if he is to be hanged he will meet his Maker maintaining his innocence. There are many who believe that a mistake was made in convicting Johnson, while others vigorously hold to the theory that the negro committed the crime upon the little girl.

Mr. English has prepared a strong appeal, and feels reasonably sure that he will succeed in presenting such facts to the judges of the high court, that a writ of error will be granted, and that following this will be a new trial.

#### LED OFFICER AFIELD.

Negro Makes Officer Folkes Do Sprinting Event of His Career.

Officer Folkes, of the First District, was fairly defeated in a sprinting match with a negro, who was a half runner, yesterday afternoon. The track was near the Richmond Cedar Works, and the race was to have been a mile.

Walker, a colored man, who had turned and felt so good about the matter that he kept on running. So far as the officer knows the negro may yet be running.

Walker became involved in a difficulty early in the day and Officer Folkes was called to the scene. The blue coat and started to run. The officer gave chase, but wasn't in it with the black sprinter.

Report came current in a few minutes that the negro had killed a white man at the Cedar Works and there was considerable excitement in the neighborhood for the time being. There was no foundation for the reported murder.

#### READY TO ENCAMP.

Blues' Battalion Left Yesterday for Basic City for a Week.

The Richmond Light Infantry Blues' Battalion, composed of companies "A," "B," "C," "D," "E," "F," "G," "H," "I," "J," "K," "L," "M," "N," "O," "P," "Q," "R," "S," "T," "U," "V," "W," "X," "Y," "Z," and "Company," left yesterday morning for Basic City for a week.

The following officers of the Seventy-second Regiment will receive the Seventy-second Regiment at the camp: Major Boswell, Captain Boswell, Lieutenant Boswell, and Lieutenant Boswell.

#### RHEUMATISM

COMMON IN SUMMER

The time to get rid of Rheumatism is in Summer, while the blood is endeavoring to purge itself of all poisons and impurities, and the skin is active, with all the pores and glands open and able, in this way, to assist in the elimination.

Columbus, O., 1855 Mt. Vernon, Avon, Six years ago, I had a severe attack of Rheumatism, and the doctors told me I had no more. They changed medicine every week and nothing they prescribed seemed to help me. I tried a lot of other medicines and began the use of S. S. S. My knee and elbow joints were so swollen and painful that I could not close them when opened. I was getting so weak and thin that I was helping me I continued it, and today I am a sound, robust man, and have never had a return of the disease.

R. H. O'BRIEN.

The inactivity of the liver, kidneys and bowels causes the refuse matter to remain in the system, which, coming in contact with the different acids of the body, forms uric acid to be absorbed by the blood and distributed to the different joints and muscles, producing the pains, inflammation and other distressing symptoms of Rheumatism. The wandering pains of the disease remind the sufferer that the poison is still in the blood and he should lose no time in getting it out. S. S. S. neutralizes the acid and makes the blood rich and pure. It tones up every organ and cures the disease permanently. S. S. S. contains no harmful minerals to disagreeably affect the system, but is purely vegetable, while curing the up every part of the body by its tonic effect. Book on Rheumatism and any medical advice desired without charge.

#### Cut Gash in Head.

Walter Trevillian, sixteen-year-old white boy, fell from a cart that he was driving at Seventeenth and Washington streets yesterday afternoon and cut a deep gash in his head. Three stitches were necessary before Dr. Pitt could close the wound.

#### Meeting for Divine Healing.

There will be a service held at 4 P. M. to-day in the West End Rescue Mission, No. 727 West Cary Street. Another meeting will be held at 8 P. M. at the Franklin Street Midnight Rescue Mission, No. 1434 East Franklin Street. All are cordially invited to attend.

#### PREPARING FOR HOLIDAY

Thousands to Assemble at West End Park Labor Day.

Extensive preparations are being made at the West End Electric Park for the entertainment of the laborers Monday, September 4th, Labor Day. Among very few attractions, a large dancing pavilion will be built in the Auditorium. This pavilion will be 60 by 60 feet. Countless electric lights will illumine the whole place.

Selections in dance music will be played every evening after Labor Day, by the band. General Manager Henry K. Franklin is making special efforts to complete the work by the time appointed for the Trades and Labor Council Excursions from all sections of the surrounding country will be run to Richmond on the occasion, and it is probable that thousands will attend.
